

PHYSIOLOGY D604

D604
PHYSIOLOGY
Dr. Ward
AUTUMN

- Respiratory Notes
- Test 1 (2)
- Test 2
- Final (3)

The course moves slowly so it is not hard for most students to assess the information.

At times, you are expected to take your own notes. We have provided the Respiratory Notes from our class. Hopefully, this will cut down on the note taking.

The book is helpful, but not necessary.

Learn the information...it will be on the Boards!

Dr. Ward puts several old exams online, so we did not include those in the test packet.
